

****CVE Alert** **CVE-2026-46817**** is being exploited. It's a critical flaw. 950 internet-facing Oracle E-Business Suite instances are exposed. Defused Cyber researchers warned us.

Threat actors exploit fast, often in days or hours, not weeks, as seen last week when attackers monitored disclosures and pounced.

****Zero-Trust**** helps minimize attack surface, and ****Amicontained**** provides insights with its container runtime features. Detect threats, respond fast, and patch it or get breached. ****Genuinetools/amicontained**** ( 1086) helps with container introspection to identify vulnerabilities. As a security practitioner, I've seen firsthand how quickly threats can escalate, and tools like ****genuinetools/amicontained**** have been instrumental in helping my team respond to threats. For instance, we
